

**SFPA 2016 Annual Meeting**  
**October 19-21**  
**Williamsburg, Virginia**

## **Thanks to Our Sponsors!**

### **Brunette Machinery Co. Inc.**

Specializing in wood processing machinery and material handling systems for forestry and biomass industries. Take control of your fiber supply and get more from your mill. [www.brunettemc.com](http://www.brunettemc.com)

**GOLD  
SPONSOR**

### **Taylor Machine Works, Inc.**

Taylor Machine Works has been designing and building strong, dependable forklifts in the USA since 1927. Visit an authorized dealer to see the Taylor difference. [www.taylorbigred.com](http://www.taylorbigred.com)

**GOLD  
SPONSOR**

### **Optimil**

Optimil is an innovator in sawmill machinery design. We build four-sided canters, canter twins, vertical and horizontal band mills, horizontal and vertical gangs, and both transverse and lineal edge optimizer systems. [www.optimil.com](http://www.optimil.com)

**GOLD  
SPONSOR**

### **KDS Windsor**

KDS Windsor designs, manufactures and installs high-quality, high-production batch and continuous burning kilns, green sawdust burners, and is now the exclusive manufacturer/distributor of Ed Bahr dry shavings burners. [www.kdskilns.com](http://www.kdskilns.com)

**GOLD  
SPONSOR**

### **Lucidyne Technologies**

Lucidyne is the premier provider of final grading solutions for the lumber industry, designing and building scanning and optimization systems that maximize fiber and value recovery. [www.lucidyne.com](http://www.lucidyne.com)

**GOLD  
SPONSOR**

### **Samuel Packaging Systems Group**

Samuel Packaging Systems Group, part of the family of Samuel companies, is a leader in the design, manufacturing and distribution of packaging and unitizing solutions. [www.samuelstrapping.com](http://www.samuelstrapping.com)

**SILVER  
SPONSOR**

### **Autolog**

Autolog designs, manufactures and ensures after-sales service of control and optimization systems for the wood industry. Main products are: transverse optimization, automatic grading system, PLC controls grade stamp printer, more. [www.autolog.com](http://www.autolog.com)

### **BID Group of Companies**

BID Group offers turn-key solutions to the industry. Powered by BID Group Construction, McGehee, PHL, Comact, Miller, Deltech, and BID Group Service, the group provides innovative, efficient, and reliable equipment & services that strive to exceed customers' expectations.

[www.bidgroup.ca](http://www.bidgroup.ca)

### **Biomass Engineering & Equipment Co.**

An engineering and equipment manufacturer, specializing in equipment for receiving, storage, handling and the distribution of woody biomass. Conveyors, receiving bins, storage containers and live floors.

[www.beande.net](http://www.beande.net)

### **Carbotech**

Carbotech delivers highly effective technical solutions to enhance your efficiency and productivity at the sawmill and planer mill. We deliver on this commitment by manufacturing to your specifications, high performance and innovative equipment recognized for their toughness, precision and durability.

[www.carbotech.ca](http://www.carbotech.ca)

### **Corley Manufacturing Co.**

Corley manufactures a broad range of sawmill machinery with an emphasis on carriages, carriage optimization, bandmills, carriage drives, and associated equipment.

[www.corleymfg.com](http://www.corleymfg.com)

### **GILBERT**

For 30 years, Gilbert has been the market leader in the design and manufacturing of sawmilling equipment. From molding and splitting applications to planer mills, The Gilbert Planer meets a wide variety of needs.

[www.gilbert-tech.com](http://www.gilbert-tech.com)

**STRONG PARTNERS.  
TOUGH TRUCKS.**

### **HYSTER COMPANY**

Since our beginning in 1929, Hyster has been equipping the Lumber industry with rugged, dependable trucks ranging from 15,500 to 105,000 lbs. capacity. [www.hyster.com](http://www.hyster.com)

### **JoeScan**

JoeScan's reliable, easy-to-use 3-D scanners provide sawmills with dependable scanning for bucking, carriages, sharp chains, gangs, edgers, planers and more. [www.joescan.com](http://www.joescan.com)

### **LINCK**

Linck revolutionized sawmilling in 1979 with the world's first profiling line. Today, 150 Linck profiling lines are consistently benchmarked as the low-cost producers worldwide. [www.linck.com](http://www.linck.com)

### **Metriguard**

Metriguard is the leader in high-speed production line evaluation of lumber for MSR and MEL. Manufacturing both transverse acoustic and longitudinal bending. [www.metriguard.com](http://www.metriguard.com)

### **Pennsylvania & Indiana Lumbermens Mutual Insurance Co.**

PLM/ILM specializes in property and casualty insurance for the lumber, woodworking and building supply industries. [www.plmilm.com](http://www.plmilm.com)

### **Pierce Construction & Maintenance Co. Inc.**

The industry leader in design, manufacture and installation of sawmills, plywood and paper mills. From one piece of equipment to a complete mill, Pierce is your single-source supplier. From the log line through the planer mill, Pierce has a product for you. [www.piercepcm.com](http://www.piercepcm.com)

### **Porter Engineering**

We are a top-rated supplier of Scanning, Optimization, and Process Control systems with hundreds of installations since 1971. We specialize in providing leading edge technology – the industry premium in Optimized Log Bucking, high-speed, highest recovery Primary Breakdown lines and Curve Sawing Gangsaw systems available in the world today – and tomorrow. [www.portereng.com](http://www.portereng.com)

### **REA JET**

REA JET provides consistent and flexible prints for any wood products that will stand the test of time and hold up in the harshest environments. REA JET's product range includes large character ink jet printers, high resolution ink jet printers, laser systems, spray mark systems and labeling systems. [www.reajetus.com](http://www.reajetus.com)

### **Signode Packaging Systems**

Signode is the leading supplier of packaging solutions for the building products industry. Signode's new BPX strapping machine is designed specifically for the building products industry. [www.signode.com](http://www.signode.com)

### **The Softwood Buyer**

Miller Wood Trade Publications publishes 10 wood trade publications distributed to specialized markets worldwide and serving every segment of the industry. [www.softwoodbuyer.com](http://www.softwoodbuyer.com)

### **Southern Pine Inspection Bureau**

Since 1915, SPIB has provided grading rules, training, production surveys, and other services to ensure product integrity and build a sustainable future for the industry.

[www.spib.org](http://www.spib.org)

### **Springer Microtec Inc.**

Innovative, custom-designed mechanical, electrical and automated wood-processing solutions. From log and lumber scanning, handling and processing, machines and conveyor systems, to complete turnkey installations.

[www.springer-microtec.com](http://www.springer-microtec.com)

### **Stringer Industries, Inc.**

Founded in 1964, Stringer Industries continues to serve the softwood and hardwood sawmill industry with the manufacture of our own line of waste wood chippers and hogs, and the all steel BarkKing debarker head.

[www.stringerind.com](http://www.stringerind.com)

### **TimberMart-South**

TimberMart-South publishes quarterly and annual reports used by private companies, consultants, landowners, and others to assess market prices in the US South. We have been surveying and reporting timber prices since 1976, and market news since 1996.

[www.timbermart-south.com](http://www.timbermart-south.com)

### **USNR**

USNR is a world leader in the design, manufacture and installation of sawmill and planer mill machinery, 3D scanning systems, optimizers, dry kilns and control systems.

[www.usnr.com](http://www.usnr.com)

### **VAB Solutions**

Achieving outstanding performance, the key feature of the company's product line is its lumber grading optimizer for planer mills. With more than 30 installations in operation, VAB has established a solid reputation across Canada and the southeastern U.S.
